IN REPLY REFER TO:

Office of the Commandant

2 NOV 1967

Dear [REDACTED]

STATINTL

We are very grateful once again for the interesting and informative morning which you provided to us by your lecture on 31 October on "The Economic Element of Power in the Strategic Threat of Communist China."

Your treatment of an important and complex subject was of great benefit to the students and faculty alike. The extensive questioning you received during the afterlecture conference was testimony to the interest which your remarks inspired.

It is always a pleasure to welcome back one of the Army War College's old friends. We look forward to continued visits in the future.

Sincerely,

A handwritten signature in dark ink, appearing to read "W. J. McCaffrey", is written over the typed name and title.
